## Description

---

Update 3/6/2019 - The ConfiDry 24/7 Size Small is on backorder for the manufacturer for perhaps 3 months. We suggest these products as excellent substitutes: [Seni Quatro Brief](#), [Abena Abri-Form 4 Original Style Briefs](#), [Wellness Briefs Superio Signature Series](#), and [Tranquility ATN All-Thru-The-Night Disposable Brief](#).

ConfiDry 24/7 are our most absorbent briefs. A lot of products toss around the words "Maximum Absorbency" without much to back up their claims, but the 24/7 really delivers. By using only the best quality absorbent materials and generous amounts of padding throughout, the ComfiDry 24/7 brief is designed and tested to hold up to an incredible 95 ounces in maximum usable capacity.

After a year of absence, Dry 24/7 is now back in production, and better than ever. New front and rear waistbands and higher leak guards round out an already excellent product. This brief is intended for those situations that require the highest levels of protection and skin dryness.

In addition to incredible absorbency, they also offer a number of other great features including:

- Elastic waistband at front and rear
- Full-length standing leak guards
- Four refastenable dual-layer tapes
- Sturdy tear-resistant plastic outer shell
- Discreet plain white coloring. No colors, stripes or other embarrassing markings.

Please note that the sizing on this product is different than most other incontinence products. They are larger and have a more generous cut in all sizes. Please double-check your measurements before ordering. If you have been using another brand such as Abena or Molicare and find the sizing a bit too snug, the Dry 24/7 should work perfectly for you.
