Description

The Seni Super plus is the next down the range in the Seni Product Line. Comparable to the Abena "3" or Tena Super series of products, it is a premium quality brief for situations where the bulk of the Seni Quatro is not acceptable but high absorbency is still required.

Like the Quatro, Seni Super Plus are fully featured, with standing leak guards, refastenable tapes and both front and rear waistbands. They use a heavy gauge waterproof barrier inside that eliminates stretching, sagging and weeping, while the cloth-like outer surface is a soft and very finely textured, greatly reducing skin irritation and friction.

These are a regularly available item and we are pleased to have them in stock.
