Description

Abena Soft Cotton Fixing pants are specially designed with a stretchy waistband and soft yet durable material to provide the ideal support for the use of Abri-San pads.

They can also be used with disposable briefs to provide additional support and prevent the tapes from coming unstuck or snagging on bedding or clothing.

Note: When choosing between sizes, it is helpful to take into account both the waist and hip size. It is usually best to use the larger of the two measurements.
